

Your creative production partner.

Everyday advertising, brand films and adventurous ideas. Your brief or ours.

**The everyday work,
too.**

Product photography,
lifestyle imagery and colorful
campaigns, shaped around
the channels you use.

Small visual studies. Final product
details refined together.

Simple idea. A lot of thought.

001 / FOUNDER STORY

A warm, tactile origin story.

Paper collage, real people and product details bring the dog-first philosophy to life.

Dog's Life

004 / CHARACTER COMEDY

**A very ordinary walk.
A very busy mind.**

An observant, slightly neurotic
dog narrates life. His human
carries on, blissfully unaware.

A repeatable short comedy series.

Chew and the Restless

005 / SOAP-OPERA PARODY

“Is that OUR Benebone?”

A tiny poodle. A very large interloper. One shared Wishbone. Absurdly high stakes over a favorite chew.

Short vertical episodes.

A new world of play.

002 / MINIATURE UFO

**A mysterious visitor.
Its destination? Your
dog.**

The Tongue Twister takes a playful trip through the practical-effects world of classic sci-fi.

PLAY THE FILM

First contact. Last word: dog.

003 / BACKYARD FIRST CONTACT

Choose a direction. Build a rhythm.

Creative production for your team, working alongside your agency as needed.

01 / CHOOSE

Pick one or two ideas that feel right for Benebone.

02 / MAKE

Develop the stories and produce a focused set of assets.

03 / LEARN

Review the response. Refine the work. Build the next month.

These examples show the range and quality we can explore—not a commitment to pursue every concept.

Your ongoing creative studio.
